🔄 Sana Khalid

## Profile

Early-career Machine Learning Engineer with a strong foundation in Python, data analysis, and applied machine learning, complemented by hands-on experience in NLP, data science, and full-stack development. Experienced in building data-driven applications, deploying ML-powered dashboards, and integrating ML workflows into web systems. Adept at translating business and research problems into scalable ML solutions.

## Education

|                                        |                                                                                                               |
|----------------------------------------|---------------------------------------------------------------------------------------------------------------|
| 11/2021 – 07/2025<br>Karachi, Pakistan | <b>BS Computer Science and Information Technology,</b><br><i>NED University of Engineering and Technology</i> |
| 08/2020 – 08/2021<br>Karachi, Pakistan | <b>HEC Pre-Engineering (Intermediate),</b> <i>Khursheed Girls Govt. College</i>                               |
| 07/2018 – 07/2019<br>Karachi, Pakistan | <b>SSC Computer Science (Matriculation),</b> <i>Nexus Schooling System</i>                                    |

## Professional Experience

|                                        |                                                                                                                                                                                                                                                                                                                       |
|----------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 09/2025 – 11/2025<br>Karachi, Pakistan | <b>Python Developer,</b> <i>Odolution Private Limited</i><br>I have 3 months of professional experience in Odoo, where I worked on module customization, backend logic development, and automation workflows. This practical exposure has strengthened my understanding of real-world software development practices. |
| 03/2024 – 04/2024<br>Karachi, Pakistan | <b>Intern,</b> <i>Neuro-Computational Lab (NCL), NEDUET, Karachi</i><br>Worked on Natural Language Processing (NLP) to convert Urdu text pictures into text documents.                                                                                                                                                |
| 03/2024 – 05/2024<br>Karachi, Pakistan | <b>Intern,</b> <i>Karachi Development Authority (KDA)</i><br>Worked in the Development and Operational Department of KDA.                                                                                                                                                                                             |
| 04/2024 – 04/2024                      | <b>Attendee,</b> <i>The One Month Sessions by TE-Links (NEDUET)</i><br>Attended online sessions on different domains of Computer Science                                                                                                                                                                              |
| 03/2024 – 04/2024<br>Karachi           | <b>Attendee,</b> <i>ESCV-Training Internship, NCL, Karachi</i><br>Participated in online training sessions on Data Science and Computer Vision.                                                                                                                                                                       |

## Languages

- Chinese
- English
- Urdu

## Skills

---

### Programming Languages

Python | PHP | C & C++ | JavaScript

### Machine Learning

Supervised & Unsupervised Learning, Model Evaluation, Feature Engineering

### Data Analysis

Pandas, NumPy, Exploratory Data Analysis (EDA)

### Visualization

PowerBI, MS Excel, Matplotlib, Seaborn, Streamlit

### Odoo Framework

Odoo 15-18 | ORM | XML | QWeb | OWL | Postgres | Odoo.sh | Modules Development | Customization | Local Database (Using Docker image)

### NLP

Text preprocessing, tokenization, OCR-based text extraction (Urdu), basic language modeling

### Database Management

SQL | MongoDB

### Version Control Git

Git | GitHub | GitHub Desktop

## Projects

---

### Churnlytics - Churn-Focused Analytics Dashboard (Personal Project)

- Developed an interactive data-analysis web app that allows users to upload CSV/Excel/JSON/TXT files and explore data without technical skills.
- Built 10+ visualizations (Bar, Line, Pie, Heatmap, etc.) with dynamic filtering, light/dark mode, and responsive color-aware charts.
- Implemented sidebar navigation, custom theming, and full PDF report export of all generated charts.. Tech Stack: Python, Streamlit, Pandas, Matplotlib, Seaborn, FPDF, HTML/CSS
- Live Demo: [https://lnkd.in/dg8\\_sCvG](https://lnkd.in/dg8_sCvG) | GitHub: <https://lnkd.in/dZGkwxcx>

### Basic JavaScript-DOM Projects (Personal Projects)

- Money Exchange using API - Utilized async-await functions.
- Tic-Tac-Toe Game - Implemented basic JavaScript concepts.
- Rock-Paper-Scissors Game - Developed AI-driven gameplay using JavaScript math library.
- Additional Mini Projects - Analog/Digital Clock, Toggle Button, etc.

### CRUD Application (PHP-Based Small Website)

- Developed using the Blade template in PHP with CSS and SQL on the XAMPP server.

## Certificates

---

### Huawei Bootcamp Certificate

Huawei ICT Academy

### MS Word Certificate

Microsoft Word Course: Beginner to Expert by **Stephen Koel Soren** - Udemy

### MS Excel Certificates

Excel 365 Basics: From Zero to Hero by **Yoann Bierling** , **Alena Molko** , **Felix Richmond**  - Udemy

### Online Body Language Course

By **TJ Walker** - Udemy

### AI Workshop

SENTEC Society Sehatiab

### HCIA Datacomp Certification

HAINA-NEDUET

### Power Point Certificate

Essential Microsoft PowerPoint Course for Everyone By **Marcus Menti, Zechariah Tech** - Udemy

### Data Analysis Certificates

1. Data Analysis for Beginners with Microsoft Excel , Power Query For Data Analysis with Microsoft Excel  by **Free Courses On Udemy** 

### Innovative Thinking Session

By **Apex Hatcher** - Udemy

### Online Power BI Bootcamp

Apex Hatcher, Udemy
